

# FixedHead™ Jamb Detail

# FixedHead™

CS FixedHead detail is available with any CS Cavity Slider using CS SmartMount. With no head jambs to remove, this detail makes installation and removal of the door from the pocket much easier.

## Technical Detail

# SmartMount™

The CS SmartMount System offers a revolutionary solution to age-old cavity installation problems. Designed with ease of installation and hassle-free maintenance in mind, the CS SmartMount streamlines traditional installation processes while making it easy to achieve a seamless, minimal clearance look. Thoughtfully engineered and built to last, CS Cavity Slider Track Systems are the smart choice when it comes to residential and commercial applications.

## Features

- ▶ Easy to install or detach the door leaf from the cavity pocket.
- ▶ Minimum above door clearance.
- ▶ Door can be height adjusted while installed.
- ▶ Compatible with CS SofStop Single (soft close) or Twin (soft open & soft close)
- ▶ Compatible with M6 wheels (up to 120kg) per leaf or M8 wheels (up to 240kg).

## Components

The CS SmartMount system includes a number of new and improved features to simplify installation and maintenance.

Drawings are not to scale. All dimensions in mm.
